

After speaking with other club officers, it has been decided that the Monroe Shag Club will not hold any dances during August or September 2020. The American Legion is not open as of this date and the guidelines for this venue to open are unclear.

The SOS leadership will be making a determination about this year's Fall Migration by August 3, 2020. At this time, many of the clubs at North Myrtle Beach have closed their dance floors and reopening is uncertain.

We are planning to have a meeting in September to discuss the immediate future of MSC. A couple of gatherings are being planned. Time and place to be determined. Our social director, Donna Frye, will keep us informed.

Stay safe.

May God Bless
